Where Doctors go to get Chiropractic Treatment when they are Injured!
Need A Yardley Chiropractor, Look To Buckley Chiropractic

Yardley Chiropractors, are a group of highly trained and skilled professional. They are also called doctors of chiropractic or chiropractic physicians. Dr. Robert Buckley is one of the quality Yardley chiropractor available. He will diagnose and treat patients with a variety of health conditions, but mainly concerning the musculoskeletal system and treat the effects of those conditions on the nervous system and on the overall health of the patient. Most of his chiropractic treatments deal specifically with the joints muscles and ligaments of the spine and the extremities. Chiropractors treat patients utilizing manipulation and other physiotherapy to heal muscle and joints naturally without the use of prescription medications. Chiropractic medicine is based on the principle that spinal joint misalignments and or dysfunction interfere with the nervous system and can result in lower resistance to disease and many different conditions of diminished health. For the highest quality Chiropractic care in the Yardley area look to Buckley Chiropractic Center

Yardley Chiropractors Approach to health

At Buckley chiropractic, our approach to health care stresses and focuses on the patient's overall health. This Yardley Chiropractors provides natural, drugless, non-surgical health treatments, utilizing the body's inherent recuperative abilities. We also recognize that many important factors affect health, including exercise, diet, rest, environment, and heredity. Yardley Chiropractors recommend changes in lifestyle that affect those factors. In some situations, Yardley chiropractors refer patients to or consult with other health practitioners and specialist.

Like other doctors, chiropractors follow a standard routine to get information needed to diagnose and treat patients. Our procedure includes taking the patient's medical history; conduct physical, neurological, and orthopedic examinations; and may order laboratory tests. X rays and other diagnostic images are important tools because of the chiropractor's emphasis on the spine and its proper function. Yardley Chiropractors also analyze the patient's posture and spine using a specialized technique. For patients whose health problems can be traced to joint dysfunction, Yardley chiropractors manually adjust the spinal column or other affected joints.

At Buckley chiropractors we use other alternative medicines in our practices, including therapies using water, light, massage, ultrasound, electric, ice, and heat. We also may apply supports such as straps, tapes, and braces to manually adjust the spine and extremities. Yardley chiropractors counsel patients about health concepts such as nutrition, exercise, changes in lifestyle, and stress management, but Yardley chiropractors do not prescribe drugs or perform surgery.

In addition to general chiropractic practice, at Buckley chiropractic center we specialize in the diagnosis and treatment of sports injuries. Dr Buckley has extensive post graduate training in this field. After hundreds of hours of classroom and on field training in the management of sports injuries, Doctor Buckley graduated from New York Chiropractic College Sports Injury Diplomate program in 1993. In 1994 he successfully passed the written and oral practical exams of the Diplomate of American Board of Chiropractic Sports Physicians.

So if you are looking for a Yardley Chiropractor with an above average training, and year of experience, you have found your Yardley chiropractor here at Buckley chiropractic Center.
